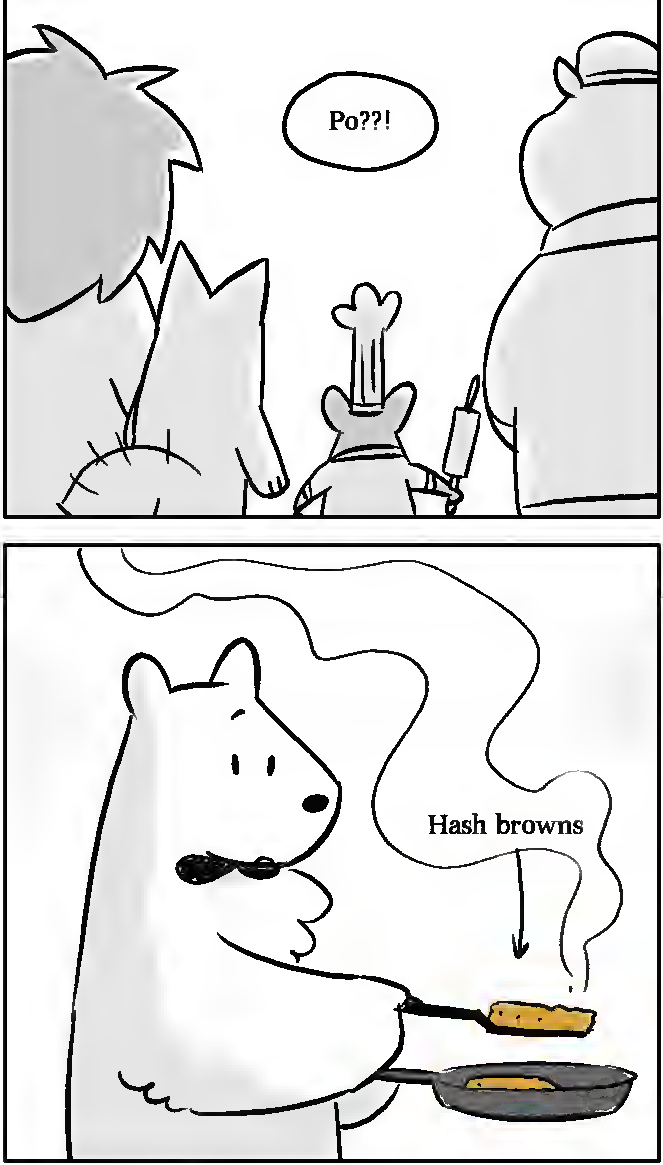
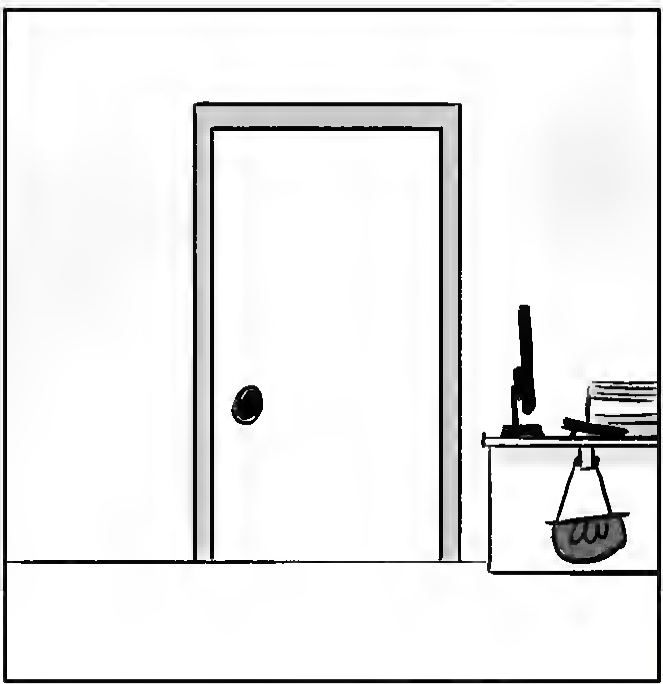
Po In The Kitchen

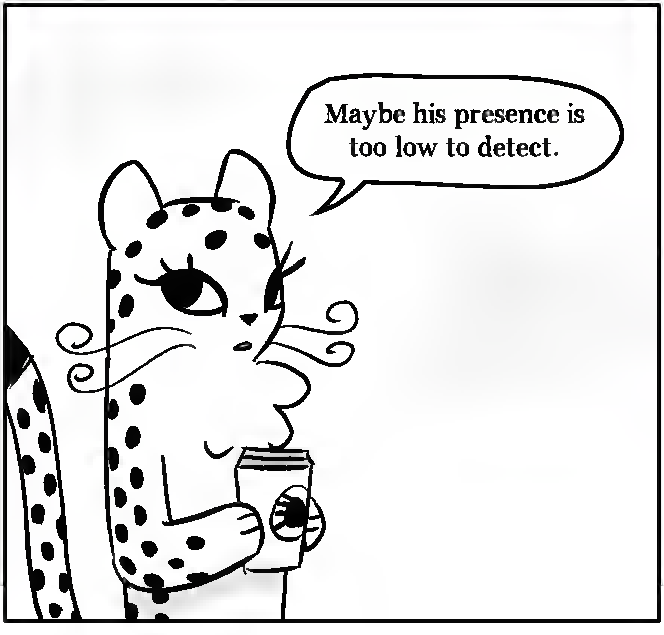


Po??!
Hash browns



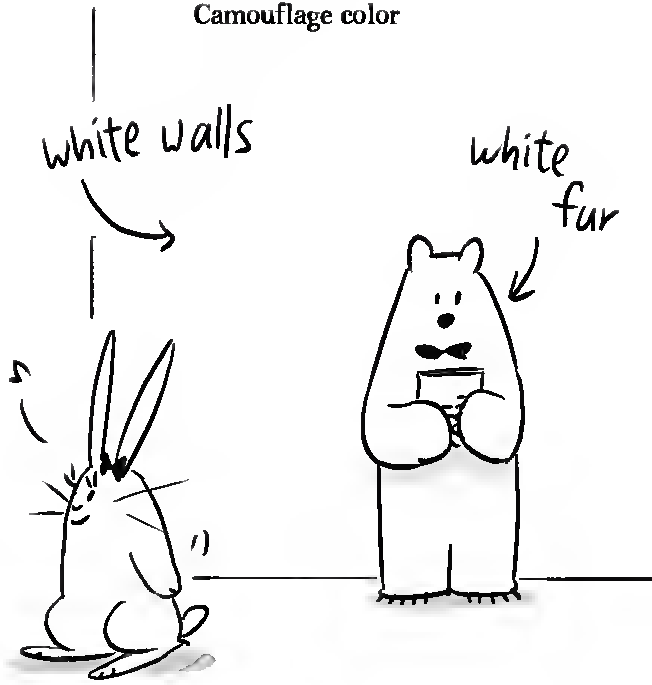
Why was I so stupid?
I totally ruled out the possibility of Po...
Yeah, I thought he doesn't cook and just sleeps in the fridge all night.

I should have told you Po is learning cooking.
But I never thought he uses the cafe kitchen at night.



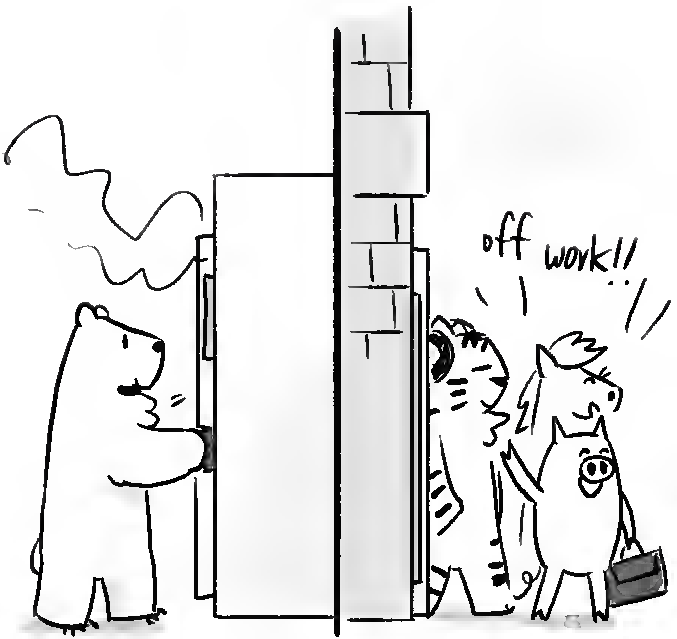
Maybe his presence is too low to detect.

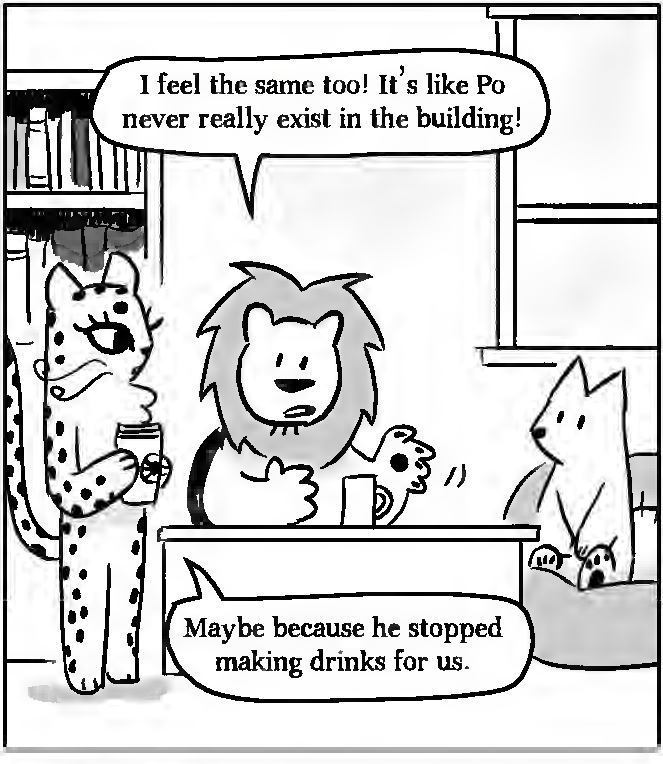
Always quiet



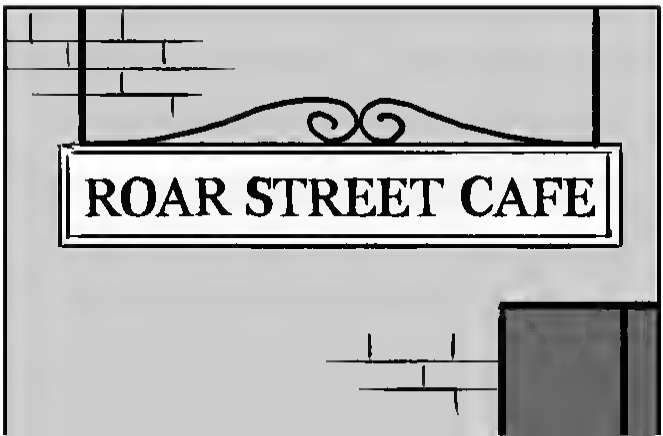
Camouflage color
white walls
white fur

Hibernation





I feel the same too! It's like Po never really exist in the building!
Maybe because he stopped making drinks for us.

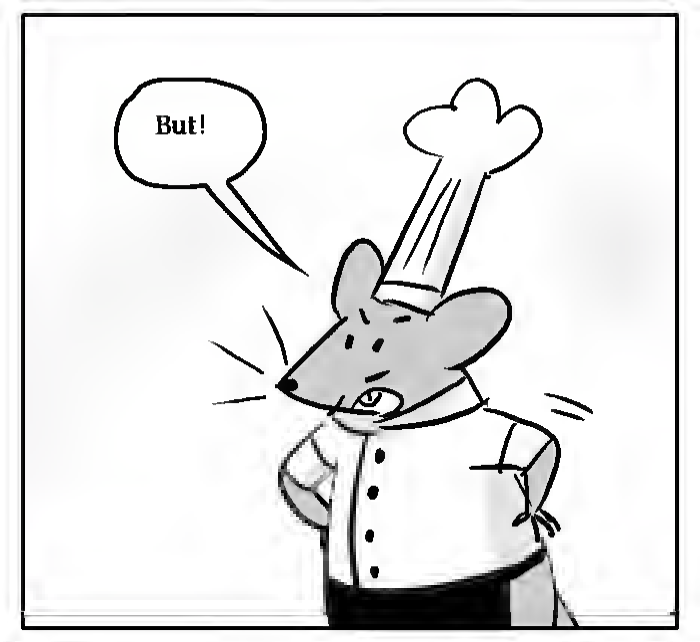


ROAR STREET CAFE

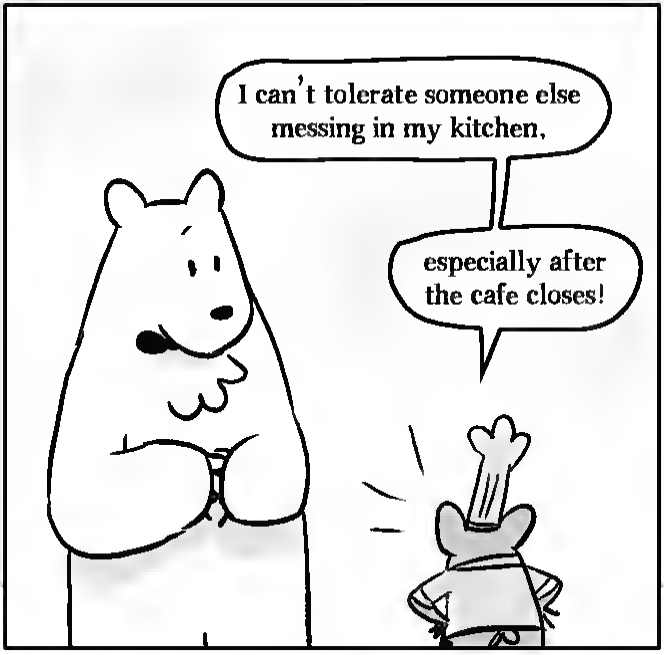
Well then,
the mystery is solved!

I'm really sorry for causing all the trouble.
Hmph!

Alright!
So there was no thief in the kitchen...



But!



I can't tolerate someone else messing in my kitchen,
especially after the cafe closes!

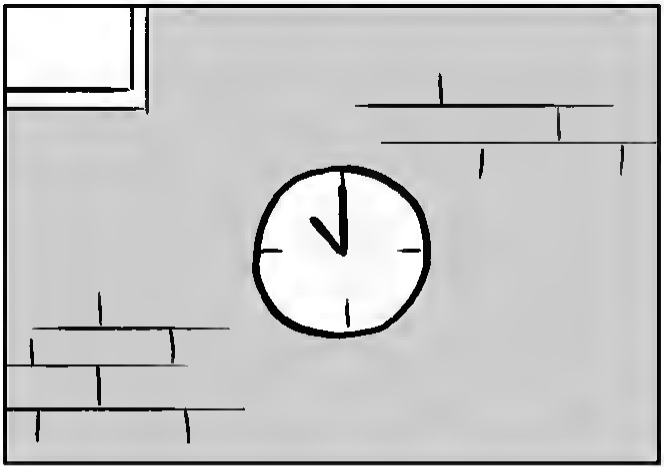
I'm already very generous to let Po sleep in the fridge...

It's alright, Po kept the kitchen clean after using it.
He has bad memory though...
The frying pan was in the wrong place!

Po, is not going to use the kitchen!

But...
If you say so, Chef Mousse...
better not mess with his temper

I'm really sorry Po...
It's okay. I'll find other things to do.



Po?
What are you doing here?
z z

I just want to return the cookbooks I borrowed.

Put them here.

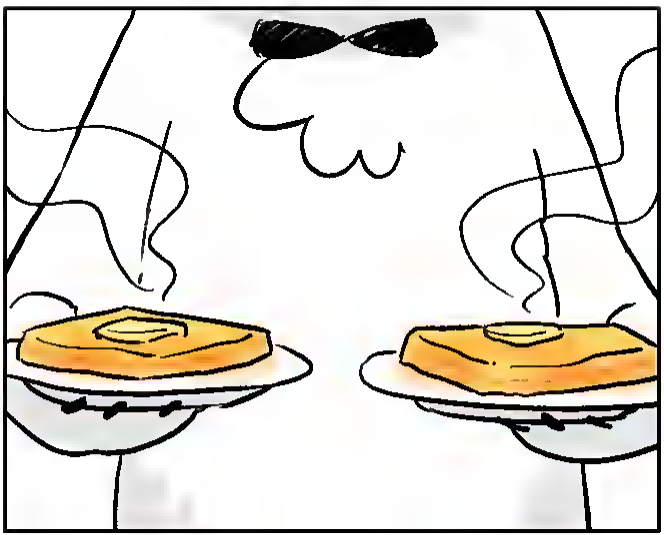
You're lucky Chef Mousse went out,
he'll probably kick you outta here...

VERY French
Toasts

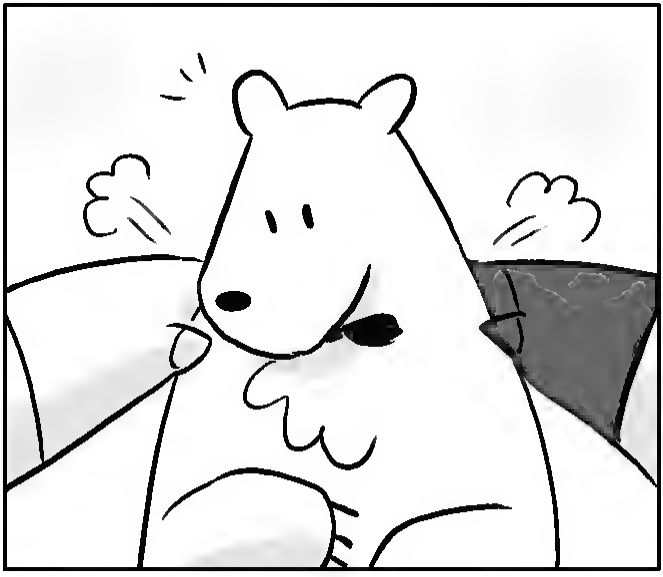
You were learning how to make french toast?
No wonder the kitchen smelled so good.

Makes me want to eat frech toast too...
GROWL

We have some stale bread.
...Do it quick before the chef comes back.
Okay.

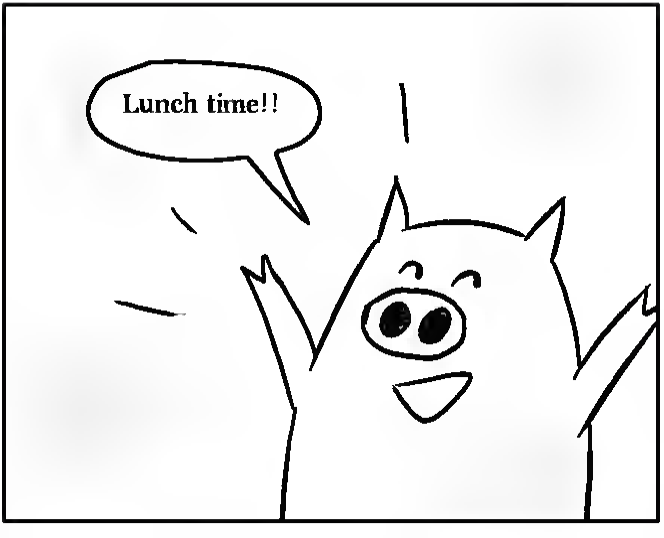


SO GOOD!!



Listen up, you can keep using the kitchen...
...Just make sure Chef Mousse doesn't found out.

We'll keep your secret as long as you cook for us.



Lunch time!!

Po, will you join us for lunch?
Okay...
No, I'll share yesterday's leftovers with Horsie.

Why did you ask me to stay in for lunch today?
I didn't pack away any food yesterday.

It's not you...
?

Where did you get this?

It's a secret.
